

**Working with AMID Logistics' Online LCL Sea freight Price Calculator. A sample of calculation.**

By AMID Logistics, LLC - <https://InternationalShippingUSA.com>

You may also watch related to the subject [video in YouTube](#).

Let assume that you are in Sydney, Australia (or need to ship cargo from U.S. to Sydney, Australia). Note that exactly the same procedures applies on shipping boxes, crates or pallets with Household Goods and Personal effects.

You consider to ship a commercial shipment containing general commodity from a small store without loading dock that locates in Hershey, Pennsylvania within ZIP Code (U.S. Postal code) 17033. You can Google map the Hershey, PA 17033, USA.

Let assume that you can arrange self-delivery of your cargo to a nearest to you freight terminal in our service area. However, you would like to have an option on pickup (collection) of your cargo from the store as well.

You have estimated that you will ship a pallet sized 40x48x45 in inches. Estimated weight of the pallet would be 350 lbs (*Running ahead, you will be able to use metric system on measurements and weight of your cargo*).

You estimated that value of your cargo is US\$3,500. Then you will need to submit U.S. Shipper's Export Declaration. You also consider insuring your cargo.

Then to estimate your shipping cost with AMID Logistics you should open our Real-time LCL Sea freight calculator in <https://InternationalShippingUSA.com> and:

1. Select your destination country Australia. Then select Sydney.

### 3. Now you select preferences on your shipment:

- Select type of goods: Commercial cargo
- Do you need pickup?: Yes. Business without loading dock
- Estimate value in US\$: \$3500
- Insurance: Yes
- SED in AES (Shipper's Export Declaration): PLEASE, FILE SED ON MY BEHALF

terminal in the USA? Use [Google Maps](#) (postal code). Zoom it out and see what an international shipping terminal is the nearest to you.  
• Having difficulties with finding an U.S. ZIP (postal) code? Use [ZIP Code Lookup](#).

Freight Information

Select type of goods ? Commercial cargo  
Do you need pickup? ? Yes. Business without loading dock  
Estimate value in US\$ ? 3500  
Insurance ? Yes  
Sed in AES ? PLEASE, FILE SED ON MY BEHALF  
I agree to pay \$35 fee for filing SED in AESDirect on my behalf based on commodity description provided in my shipping documents. I will provide to you my EIN (or copy of foreign passport for not U.S. residents) later.

Enter dimensions and weight / Get freight cost on your shipment

Dimensions in in Weight in lbs Hazardous material ? No

Name of	Weight	Total	Total	Dim	Freight	Action

### 4. Finally you provide estimated dimensions and weight on each shipping unit with the same size and weight. In our example it is one pallet 40"x48"x45" / 350 lbs

- The total volume and weight will be calculated for you
- You may change measurement units to: Centimeters, Kilograms etc
- You may add as many rows for differently measured shipping units as you need

THEN CLICK THE 'CALCULATE PRICE' BUTTON

The screenshot shows a 'Freight information' form. At the top, there are dropdown menus for 'Select type of goods?' (Commercial cargo), 'Do you need pickup?' (Yes. Business without loading dock), and 'Estimate value in US\$?' (3500). Below these are fields for 'Insurance' (Yes) and 'Sed in AES?' (PLEASE, FILE SED ON MY BEHALF). A red box highlights the 'Enter dimensions and weight' section, which includes a table for item details and a 'Calculate price' button. Red arrows point from the 'Calculate price' button back to the 'Sed in AES?' field and the 'Hazardous material?' dropdown.

Unit Type	Items of same size and weight	Length	Width	Height	Weight per item	Total Volume in CBM	Total Weight in LBS	Dim. Weight in LBS	Density Factor	Freight Class by Density	Assign Freight Class
Pallet	1	40	48	45	350	1.42	350	446	8	110	110
Box	1	0	0	0	0	0	0	-	-	-	-

American Multimodal International Deliveries - AMID Logistics, LLC is an U.S. international shipping company (OTI); licensed and bonded U.S. Freight Forwarder. Our international shipping sea freight services include, but not limited by: international shipping of boxes, crates and pallets; international shipping of multimodal sea freight containers; international shipping cars RO-RO and international shipping cars consolidated in sea freight containers; export and import of sea freight from and to the USA. Our international shipping services can be used either by commercial sea freight shippers or for international shipping of household goods. Household goods shippers should compare our international shipping sea freight services Vs. international shipping using international moving companies. We welcome you to utilize our online sea freight price calculator in your international shipping business. For more information please refer to the link of the international shipping services. To contact us call 800-345-3457. We can also help you to calculate the price.

5. Our System should instantly calculate the Option A on self-delivery to an ocean freight carrier's terminal (CFS - Container Freight Station).

To calculate Options B and C, enter your store's ZIP Code - 17033 and consistently click on two yellow fields to get prices on Options B and C.

Option B is on self-delivery of your pallet to a local LTL freight carrier's terminal to transfer the pallet within USA to an ocean freight carrier's terminal (CFS - Container Freight Station) for shipping overseas.

Option C includes cost of curbside pickup at your store in Hershey, PA 17033.

The screenshot shows the 'Price information' page. It displays the shipping details: 'Your Commercial cargo: 1.42 Cubic Meters, 350 LBS intended to be shipped from a terminal in Harrisburg, PA 17015, USA to a destination CFS in Sydney, Australia'. There are three options (A, B, and C) with associated prices and actions. Option A is priced at US\$ 356. Option B has a yellow callout: 'Click to get a complete price in about a minute'. Option C has a yellow callout: 'Enter ZIP Code (U.S. postal code) and click to get a complete price in about a minute'. A red box highlights the ZIP code field with '17033' entered. A red arrow points from the 'Calculate price' button in the previous screenshot to the 'Calculate price' button here.

No time to wait? Then click on the [Email me this price](#) button, insert your email and get a complete quote in email shortly.

IMPORTANT NOTES. READ BEFORE REQUESTING A BOOKING:

• READ ABOUT PROCEDURES ON EXPORTING GOODS FROM THE USA IN [this link](#).

6. Please be patient. Calculations may take some time. If an error will occur, the System provides a message. We recommend you do not click on Cancel. Wait till a result of calculations.

Note that sometimes our System will be unable to calculate option B or/and C. That's OK. Enter your email, submit your quote and wait till we will calculate it manually and return in email. See steps below.

The screenshot shows a web interface for calculating shipping prices. At the top, there is a unit selection dropdown set to 'Box' and a quantity of '1'. Below this, a 'Calculate price' button is visible. The main section is titled 'Price information' and displays the following details:

- Your Commercial cargo: 1.42 Cubic Meters, 350 LBS
- intended to be shipped from a terminal in **Harrisburg, PA 17015, USA** to a destination CFS in **Sydney, Australia**

Three options are listed:

- A** If you self-deliver your boxed goods to an ocean carrier's facility (CFS) in **Baltimore, MD, USA** at **1205 68TH STREET, MD 21237** then the price is **US\$ 356**
- B** If you self-deliver your boxed goods to a local terminal in **Harrisburg, PA, 100 Roadway Drive Carlisle, PA 17015**, then the price is **US\$ 586**
- C** Do you need **PICKUP (freight collection service)?** Then Enter U.S. ZIP/Postal Code where goods are located: **17033** and the price is **US\$ 774**

A modal dialog box is open in the center with the following text:

**Processing. Please wait...**  
 #332338. Calculating... step 2... Get data... 6

**No time to wait? Then click Cancel.  
 Then click on the Email me this price button, insert your email and get a complete quote in email shortly.**

Buttons for 'Proceed to booking' and 'Email me this price' are visible in the background.

7. Now you can see and consider all three options (*Note that depending on your preferences selected and terminals locations there could be only two or even one option*). Choose which one is better for you and, if you like, click on the 'Proceed to booking' button next to your option.

The screenshot shows the same web interface as above, but the 'Processing' dialog box is closed. The 'Price information' section is fully visible, showing the three options and their prices:

- A** If you self-deliver your boxed goods to an ocean carrier's facility (CFS) in **Baltimore, MD, USA** at **1205 68TH STREET, MD 21237** then the price is **US\$ 356**
- B** If you self-deliver your boxed goods to a local terminal in **Harrisburg, PA, 100 Roadway Drive Carlisle, PA 17015**, then the price is **US\$ 586**
- C** Do you need **PICKUP (freight collection service)?** Then Enter U.S. ZIP/Postal Code where goods are located: **17033** and the price is **US\$ 774**

Buttons for 'Proceed to booking' and 'Email me this price' are visible next to each option.

9. However, unless you positive with your choice, we recommend you do not proceed to booking immediately. Click on 'Email me this price' button, type your valid email and have a link to the quote emailed to you. Then you will be able to re-open the quote at any time and book your international LCL sea freight shipment at a time of your convenience.

Also, the quote emailed to you will contain a unique quote reference number in format like USL181007105. Then you can reply to the quote at any time and ask us questions, if any. Having the unique quote reference number we will be able to track your quote and answer to your questions related to the quote.

Pallet	1	40	48	45	350	1.42	350	446	8	110	110
